Third Party Website Consent

Dear Parents and Carers,

The use of web based educational resources has risen steadily over the last decade and are increasingly being used by teachers across Queensland to improve student learning outcomes.

Our school and teachers make decisions about the best technology to meet the needs of our students. Sometimes it is beneficial for students to utilise services provided by third party web based providers.

Texas P-10 State School wishes to utilise the third party web based service provider/s listed below to aid students learning. For your student to use the service the teacher will need to register them as a user. Registering with these providers requires student personal information to be disclosed to the provider of the service. In the case of the services outlined below they are private companies that are hosted onshore in Australia/and/or/outside of Australia. Outside of Australia means that data that is entered to register for these sites will be stored on servers that are not based in Australia and therefore are not bound by Queensland's privacy laws. Registration may include disclosing the following information about your student:

- Student Name,
- Year group,
- Class Teacher and
- Student email

We need your permission for the registration and use of these sites by your student.

Note: It is not compulsory for you to provide this consent – If you decide not to provide consent, this will not adversely affect academic achievement, or any relationships with teachers or the school.

Before you complete this consent form it is important that you understand the reasons that these websites collect this information, what will be done with it, who else may have access to it and where the data is stored. This information can be found in the hyperlinks below referring to each website's terms and conditions and/or privacy policy.

Please read these and ensure that you understand the implications of using this service before giving your consent. If you have any queries around the storage of student's information, please feel free to contact the office on 07 4653 3333.

Kind regards

Sean Cole
Principal
Texas P-10 State School

Below are the third party web based service providers:

Name of Provider: Reading Eggs

Type of Service: Reading eggs supports each child's learning by offering **individual, one-on-one lessons.** The program is ideal for children who are **preparing for school or struggling with their reading.** The online lessons allow your child to **progress at their own rate,** gradually building their reading confidence and rewarding them at every step of the way.

Website: https://www.readingeggs.com/

Terms of Use: https://readingeggs.com/terms

Privacy Policy: https://readingeggs.com/privacy

Year level: P-5

File Storage: Cloud based servers in the USA.

Name of Provider: Mathletics

Type of Service: Mathletics can provide valuable maths learning for students throughout their entire school journey, from the start of primary school to the end of secondary. As students mature, so does the program, providing updated visuals, challenges, and activities that will keep them captivated with maths.
